

Education

University of Amsterdam

MSc Logic, 2020 (Expected).

University of Edinburgh

BSc Mathematics, 2018 (First class honours).

BSc Project: Sheaves on Topological Spaces and their Logic.

Supervisor: Tom Leinster.

Jyväskylän Normaalikoulu (Finland)

Ylioppilastutkinto (High school matriculation examination), 2014.

Mathematics, Physics, Chemistry, Finnish, Russian, English, French.

Projects and Traineeships

Tartu Observatory

Development of Satellite Attitude Determination Software.

Summer 2018.

London Mathematical Society Undergraduate Research Bursary

Project title: Quantum Logic and Set Theory.

Report title: The Category of Hilbert Spaces as an Orthogonal Category.

Project blog: andinparticularexists.wordpress.com

Supervisor: Chris Heunen.

Summer 2017.

Tartu Observatory

Erasmus+ traineeship.

Traineeship title: Development of Satellite Attitude Determination Software.

Summer 2016.

Department of Physics, University of Jyväskylä

Summer trainee, 2013.

Extracurricular positions

The University of Edinburgh SocieTea

Committee position, Publicity, 2017-18.

Committee position, President, 2016-17.

The University of Edinburgh Philosophy Society

Committee position, Ordinary member, 2015-16.

Other experience

Logic and Physics reading group

Organizer, 2018-present.

Amsterdam Fringe Festival

Volunteer, September 2018.

Hidden Door Festival

Volunteer, May-June 2018.

Art-Master Theatre

Website translator, occasionally between 2013 and 2015.

Publications

Statistical Hypothesis Testing in the Context of Hume's Critique of Induction
University of Edinburgh Philosophy Society Journal, Issue 2: 2017-18.
